General Information:

We prefer to receive items **Fully assembled** or **Fully disassembled** (just the parts that are being modified and Please do not include extra parts). If you bring us a disassembled gun or gun parts, **you must include an itemized inventory/packing list. We will not be responsible for lost parts** (Be Sure To Use Our Work Order Form) if no inventory/packing list is included. Limited metal preparation is available at additional cost on a per-hour basis. We can provide a quote once we have received your items. Please note that our prices do not include sales tax (if applicable).

Please contact us if you have any questions or if you need additional information on a service not listed here. Phone: 270-646-4711
